Security Tips from the Laurelhurst Private Security Team

1. Light up your house numbers—police cannot find your home. If number is on curb, do not cover it with a parked car.
2. Lock your car! Do not leave your car unlocked **ever**.
3. Remove **all belongings from your car**. The most recent targets for thieves are GPS devices, iPods, laptops, CD's, backpacks, packages/bags from stores (new merchandise). Apparently, they target cars who display the "disc" imprint left by use of the GPS. Laurelhurst is offering "good stuff" to "fence" right now!
4. Clean out your garage and use it for your car. It may be cheaper to rent a storage unit for other items to spare the auto prowls.
5. Install motion sensor lights near your doors, auto driveways.
6. Report any suspicious behavior, unknown cars, vans, etc, to 911 so it can be checked out immediately.
7. Do not open your door to anyone and report aggressive or suspicious solicitations to 911.
8. If any crime has occurred (car prowl of any nature) please report it through 911 and it will be recorded—get a case number. This may help the neighborhood get extra patrols.

Laurelhurst Private Security Patrol

Primary Contact: Brian McMullen
